

WE MAKE GOOD PRODUCTS EVEN BETTER. ASK US HOW.

PRODUCT TRADE NAME	CHEMICAL TYPE	APPLICATION CHEMISTRY	KEY ATTRIBUTES
C114EXP	Stannous carboxylate	Polyurethanes, Esters, Silicones	Inorganic tin / Organotin alternative; Incorporates 50% bio-based content
C1004EXP	Proprietary bio-based stannous catalyst	Polyurethanes, Esters, Silicones	Inorganic tin / Organotin alternative; Incorporates recycled tin and 85% bio-based content
C1007EXP	Proprietary bio-based stannous catalyst	Polyurethanes, Esters, Silicones	Inorganic tin / Organotin alternative; Incorporates recycled tin and 84% bio-based content
C1008EXP	Proprietary bio-based stannous catalyst	Polyurethanes, Esters, Silicones	Inorganic tin / Organotin alternative; Incorporates recycled tin and 82% bio-based content
C1009EXP	Proprietary bio-based stannous catalyst	Polyurethanes, Esters, Silicones	Inorganic tin / Organotin alternative; Incorporates recycled tin and 83% bio-based content
C2305EXP	Diocetyl tin-based	Silicones	Octyltin / non-phthalate
C2307EXP	Diocetyl tin-based	Silicones	Octyltin / non-phthalate / non-silane
C2308EXP	Diocetyl tin-based	Silicones	Octyltin / non-phthalate / non-silane; High Flash Point (230 ° F / 110 ° C)
C3002EXP	Iron carboxylate	Polyurethanes	Organotin alternative with delayed cure
C3205EXP	Bismuth/Zinc carboxylate	Polyurethanes	Organotin alternative; incorporates flame retardant as a diluent
C3209	Bismuth carboxylate	Polyurethanes	Low viscosity organotin alternative with low free acid content
C3210	Bismuth carboxylate	Polyurethanes	High bismuth content organotin alternative
C3211EXP	Bismuth alkanolamine	Polyurethanes	Water-tolerant carboxylate free organotin alternative with enhanced selectivity
C3212EXP	Bismuth alkanolamine	Polyurethanes	Water-tolerant carboxylate free organotin alternative with enhanced selectivity
C3216EXP	Bismuth/Lithium carboxylate	Polyurethanes	Organotin alternative with enhanced reactivity to promote harness build-up
C5002EXP	Titanium chelate	Polyurethanes; Esters	Water-tolerant carboxylate free organotin alternative
C739P50	Bismuth thiolate	Polyurethanes	Water-tolerant carboxylate free organotin alternative with enhanced selectivity
