

REAXIS

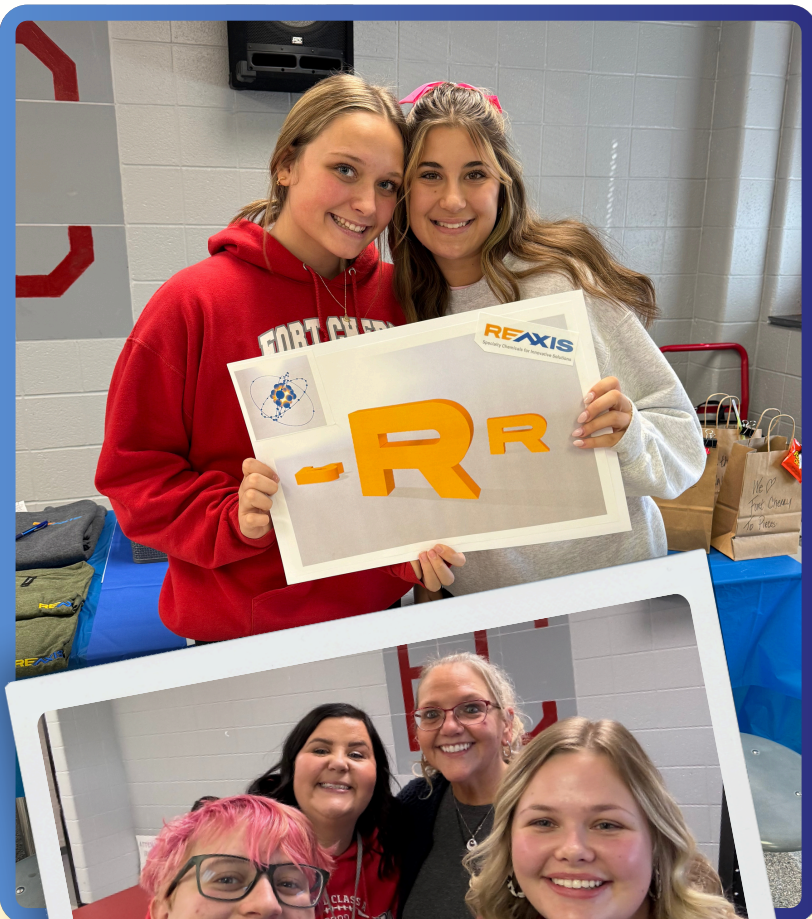

Specialty Chemicals for Innovative Solutions

 **THE CHALLENGE PROGRAM** Inc.
Connecting Business and Education

2024-2025

THANK YOU!

Thank you for your partnership!

"My business partner, Reaxis, has made this possible. Not only their funding but their support. The day they came and talked to our school, they gave each and every one of us the validation and advice we strive for how we are getting rewarded for our hard work, how it's okay to be unsure of the future, and lastly how important STEAM is to our world as a whole. It helped me academically realize what I want to do in my future, but personally feel like it's amazing how I have such a strong passion for school."

— Makenzie A.

THANK YOU FOR YOUR GENEROUS CONTRIBUTIONS TO THE STUDENTS & EDUCATORS OF
FORT CHERRY HIGH SCHOOL

THANK YOU FOR YOUR PARTNERSHIP!

EDUCATOR TOUR HIGHLIGHTS

"My school's Business Partner, Reaxis Inc. has impacted my future by opening their doors for my school. Reaxis lets our professional staff tour their facility. It opened an opportunity for the teachers to see what they do in the workforce that they can add to their curriculum. This is something big for not only my future but also for other students who are going to a CTC school. As a CTC student who is in construction that's is something really big that can help so many students. It showed the teachers what they can add and focus on to better prepare students academically. Reaxis has also impacted my future by helping my school find other companies to partner up with. This opens more opportunities to find jobs and working side by side with local businesses."
— Morgan E.
